SCRATCHY'S SCRIBBLINGS

First of all, let me take this opportunity to wish you all, a very happy and prosperous new year. It doesn't seem like 5 minutes since we were celebrating the arrival of 2009 and already 2010 is here. It's probably an age thing, but the years do appear to be getting shorter, I must ask Bob as he will know best ! Well my highlights for 2009, were a fabulous

trip to the Euro-Festival in St Tropez, it was my 4th trip there, but I do love the place. The "Route Napoleon" ride through French Alps is awesome, going to bed the night before is like Christmas Eve to me, extra beers are required to make me sleep ! I also went to the HD Rally in Leopoldsburg, Belgium, for the 4th year on the trot. I only decided to go at 2pm whilst still at work, left work at 4.30pm and was on my way to Dover, via the Ace Cafe by 6pm. In that time, Itchy had got me some Euros and packed all my gear. She really is a diamond but don't tell her ! The Charity Events such as RTTW & Hoggin the Bridge etc, also stick in my mind, huge attendances, well organised and all for very good causes. I also attended several UK rallies with the highlight being the Sofer Rally at Bisley, with around 20 members from Rutland in attendance; it was great to be there as part of a group and the weather there was superb ! Last but not least, it's been great to see some new faces becoming regular attendees at our events; it really does make all the effort worthwhile !

Enough of the past, let's move on and to the future and 2010. When I took over as Director back in mid September, I made several suggestions as to the way we could move forward and improve on the good work that Pete and the previous committee had done. We managed to get a new look Newsletter out in October and have received some very positive feedback. The hard copy certainly looks a lot more professional and big thanks go out from me to all that contributed. The Chapter Mobile Phone has been agreed by the committee and will be Texting you details of upcoming events from January. Hopefully, this will improve how we let you know what's going on and when. Incidentally, please ensure that when you are renewing your membership, that you use one of the updated forms (requests your mobile number). These are available for download from the Chapter website or from Stuart in the shop.

The 2010 Rutland Chapter Events calendar is completed and on display in the shop, it's also in the process of being uploaded to the website. There is also a separate UK & European Events listing; this allows you to see what's going on elsewhere. I have separated these out as many other Chapters do; so that the only things listed in our Chapter Calendar are events that we are organising or rallies that we plan to attend as a group.

As previously confirmed, our 2010 "Horseshoe" Rally will take place between the 2nd & 4th July at the "Plough Inn Events Field" Farcet Fen, near Peterborough. Pre-booked tickets at a cost of £20 (includes rally T-shirt and Pin) are available from Sycamores Staff or from any Committee Member. Alternatively, you can download an application form, from the newly created Horseshoe Rally Page on our website and then apply for your tickets by post. Posters and flyers have been created to help to publicise the event. The bands, Porky Pig (Friday), the Platforms (Saturday) have been booked, as has the disco for both nights. An extra Elvis treat is planned for the Friday night and "Duty Piper" will be the extra treat for Saturday. Check the Bands out from the links on the Rally Page of our Chapter website. We will be pushing ticket sales from now onwards to try and make the Event a success, so try to talking some of your friends into coming.

Our Chapter T-Shirts are very old hat and have not changed since 2004. I feel it's about time we had some new ones, and have been working with Andy from Sycamores, about getting some new ones printed. My design seemed to go down quite well when shown at the last committee meeting and I have received some favourable prices to supply them. We plan to

place an initial order of 100 T-Shirts (fruit of the loom) in varying sizes, and have them available for sale (£10 each) by the Sycamores Custom Show, on the weekend of the 6th/7th February.

I have been delighted with the turnouts at all of the Chapter Meetings of late, especially when you take into account the weather conditions. I thought the Xmas Meeting at the Shop was a very pleasant evening, in our new spacious Chapter area and thanks go to Sycamores for their much appreciated hospitality. It is important that we try and keep the member involvement going throughout the winter months, even though the majority, have their Harleys tucked away, safely in the garage. We have Hogs to the Dogs coming up later this month, and our Winter Party on the 13th February, both of which are designed to keep that interest flowing. Before you know it, "Brothers and Sisters" we will be into March/April, back out on our bikes, travelling to "far out" places and having a "banging" good time ! For a pensioner, Bob is very infectious !

SHOP TORQUE

Happy new year to you all! As I write this there has been more snow than we have seen for a long time and I am now fed up with it as I am sure you all are too and eager to get your bikes out! Please remember if your bike has been put to rest for a few months, before you ride it for peace of mind why not have it serviced or just a simply safety check – contact our service department for latest offers.

The events calendar for the chapter is now available on the website and I think you will agree the committee have arranged a great mix of events throughout the year for us to look forward to. Here at the dealership we will be hosting our annual custom show on the 6th and 7th February where there will be bikes on show, trade stands and a barbeque supplied by the chapter. If you fancy entering your pride and joy please contact Dan at the dealership as it would be really great to see even more bikes on show this year.

For those of you thinking of changing your bike this year please don't leave it until the season starts as supply is now very limited and some models have a 2-3 month wait, speak to Stuart or Jon with any queries you may have.

On the 21st of this month I shall be jetting off to the dealer show which is being held in Dallas, where I will get to see the new models, parts and clothing, it may sound like a jolly but I am subjected to 3 days in a classroom while I am there!

Many thanks to all of you who attended the toy run and thanks to Pete for organising it. Many thanks also to those of you who attended the last meeting at the dealership, it was a really enjoyable evening and definitely something I hope we can do more often.

By the end of January we should have the new chapter t-shirts for sale in store, these are orange not black and have been designed by Scratchy and it will be really great to see the members wearing them at future events.

I look forward to seeing you all over the coming months.

Ride safe! Andrew

RUTLAND CHAPTER'S NEWSLETTER JAN '10

Know Your ABCs (ABCs of Touring)

Knowing your H.O.G.® benefits should be like knowing your ABCs. Take, for instance, the ABCs of Touring ... it's not as if any of us really need an extra incentive to ride. But there's something thrilling about exploring the back roads and happening upon a town that begins with the letter "Z." It's the little discoveries that make riding so fulfilling. Not to mention, all the great prizes you could win.

It doesn't take much to take part in the ABCs of Touring. All you do is collect photos of yourself and your Harley® holding a current edition of *Hog Tales*® in front of "official" signs for various entities – cities, counties, states, countries, etc. – and you could be eligible for great prizes. Check your H.O.G. *Membership Manual* for more details on how to take part, or visit members.hog.com.

Make Your Miles Count (Mileage Programme)

H.O.G.® is all about riding and having fun. The H.O.G. Mileage Programme rewards you for doing what we all love to do most ... ride. The more miles you log on your Harley®, the more recognition you receive. Pins, patches, motorcycle medallions – all awarded to you because you ride.

A H.O.G. Mileage Programme pin and patch will be sent to all H.O.G. members upon enrollment in the program. If you have more than one motorcycle, be sure to enroll each additional bike. After enrollment, additional awards can be earned by achievement of the mileage levels listed in your H.O.G. *Membership Manual* and online at members.hog.com, starting at just 10,000 miles. Don't waste another mile!

RUTLAND CHAPTER'S NEWSLETTER JAN '10

HOGGIN THE BRIDGE 10 – 18TH OCTOBER 2009

Hoggin the Bridge takes place over the river Severn and is traditionally the last long ride of the year, due to the changing weather. This year we all agreed to meet at the Corley Services

on the M6 at 0730. Three of us set off from Stamford at 0615 and by Corby our fingers were frozen, but at least it was dry unlike other years.

As planned we all met at Corley services and set sail to the Services at Junction 1 of the M48, the Event start location. You can pay

£10 on the day, but it is very advisable to pay in advance because it's mayhem at the start. Not sure how many bikes of all makes were there, but it had to be around 4000, if not more. For your £10 you get an Event Pin and a T shirt, and the rest goes to charity. The start is a tad fraught due to the number of bikes and trike's, all trying to exit the services, but the Event it's self is well marshalled by Bridgewater Chapter, with the help of the police. Once on the bridge, with its stunning views, we speed up a bit for the 25 mile ride around the Welsh countryside, lined with huge numbers of well wishers, standing on the route waving and cheering. Eventually the ride finishes in the lovely Welsh town of Chepstow. There you can pick up your pre ordered T shirt and pin, and get a bite to eat from the many pubs and cafes all of which do a raring trade. You can leave your helmet and coat if

you wish with the Christian motorcycle club for a £1, which goes to charity and there is normally a group playing in the square and a few trade stands. We set off around 1445 for the uneventful ride home stopping twice for a break and go go juice, getting home just as darkness

descended. This traditional ride is always well supported and a good way to end the year, I shall do it again next year weather permitting. I say this because some years, it has been so cold and rainy that it is just not fun and at my age (which Scratchy is constantly reminding me) I do not have to prove anything.

Oh well Buckos, this is my last write up for a ride this year, it is time to start dreaming of warm weather and long continental roads, to far out rallies. To all of you, who have ridden with me this year, thanks for your company and the laughs we have shared, ride safe through the winter so we can all cause mayhem and havoc on the rally scene next year.

Far out !!! **Bob Galley aka OAP**

GUARDIAN BELLS

Like me, I'm sure you've seen many motorcycles with a metal bell attached to them. Have you wondered why this is?

Legend has it that Evil Road Spirits have been attaching themselves on to motorcycles for as long as there have been

bikes on the road. These Evil Road Spirits are responsible for mechanical problems and bad luck along a journey. It goes on to say, that by attaching a small bell onto your bike, the Evil Road Spirits will become trapped inside the bell, where the constant ringing drives them insane,

making them lose their grip until they fall to the ground. Legend also has it that the mystery of the Guardian Bell carries twice as

much power when it is purchased by a friend or loved one, then given as a gift. It is also said that the bell should be located as close to the ground as possible.

WHITEWALL TYRES

Whitewall tyres offer a more "classic" look for certain bikes and to be sure they aren't meant for all bikes. (Don't look for them on a Vrod). Whitewall motorcycle tyres take their styling cues from the fashion history of white sidewall tyres on cars. Early car tyres were at one time all white, which was a result of the use of natural white

rubber. Unfortunately, natural white rubber didn't provide enough traction or endurance. The solution was to add black carbon initially just to the part that was in contact with the road surface, resulting in the whitewall as we know it today Eventually black carbon was added to the whole tyre for ease of cleaning..

So, you get a sense of how the fashion of whitewall tyres evolved in relation to black wall tyres. They didn't, it was the other way round!

RTTW 2

Following on from the success of RTTW 1 in 2008, when an estimated 2500 bikes turned up to pay their respects, and remember our fallen heroes. RTTW 2 on Saturday 10th October was an obvious inclusion into this year's calendar. This year, the

departure location had been changed to Drayton Manor Leisure Park, on the outskirts of Tamworth, because Tamworth Services the previous year had struggled to cope with the numbers involved. Rutland Chapters planned ride to the event, was to leave Sycamores at 8.30am, with the intention to arrive at Drayton Manor at around 10am, in plenty of time before the official event departure time of 11am.

On a quite mild Saturday morning, I arrived at Sycamores just after 8am and already there were plenty of bikes there. Sycamores had laid on some free donuts for us, which were very welcome.

We departed as planned at 8am sharp, with approximately 45 bikes in tow, and headed south, bound for the A14. We then picked up the M6, then the M42 northbound. I had scouted the route the previous day and knew that this was definitely the easiest way to access Drayton Manor. As we approached the required exit, bikes were starting to appear from everywhere. We ended up tagging on to another Chapter, as did another Chapter to us, so as you can imagine there was quite a long line, when we reached the turn for Drayton Manor. Here there was another queue of bikes coming from the other direction.

As we were directed towards the bike parking area, the scale of just how many bikes were taking part, suddenly dawned on you. I have done many events, but have never seen as many bikes together in the UK. There were several refreshment stands and toilets, all with massive queues, I found a secluded tree!

RUTLAND CHAPTER'S NEWSLETTER JAN '10

As planned, Shep was going to fly the Chapter Flag in the flag parade, which is at the head of the ride. A separate parking area was allocated for this as you first entered the site. I decided to wander up there to see him and to ask him to pick up the Chapters Wreath for me when he got to the Aboritum. Looking

at where I was parked, I had no idea when I would get there. I found Shep and Janet, Smithy was there to, quite rightly so to, as he was playing the Bagpipes at the Event, but what the hell was Fulton doing in the Flag Bearers area! By the way, thanks go to Andy from Sycamores, for arranging and paying for our Chapter's Wreath, I for one thought it was embarrassing last year, not to have one.

The ride began promptly at 11am, we actually went out of the gates of Drayton Manor at 11.45am, and we were about half way! The streets of the

12 mile ride to the Aboritum, were all lined with people applauding us. It made you feel very proud, and it's nice to take part in something that gives riding a motorcycle a good name. I thought it seemed better organised than last year, but I suspect that was down to them being better prepared for the numbers that turned up.

The aboritum was packed! The service was delayed to allow all of the bikes to arrive before it started. It was all very moving and Smithy done us all proud, flying the Rutland Chapter patch, whilst reducing grown men to tears, with his pipe playing. The Spitfire flypast was superb, no I am wrong it was absolutely awesome, its sound is so distinctive!

Will it happen next year, you bet it will. I have the 2010 date already confirmed as Saturday 2nd October. Will the Chapter once again be attending, you bet we will, and I will keep you all informed as and when I get updates. Please check out www.RTTW.org for photos, videos and information about this now very important annual event.

Even the sun shone, an absolutely

fabulous day! Thanks **Scratchy**

Message from RTTW Founder at RTTW 2, 10th October 2010

I would just like to say a special and heartfelt thank you to all of you for attending today. Every one of you will have your own special reasons for being here and I hope that this event allows you to remember in a way that is memorable, fitting and lasting. In 2008 my dream came

true with RTTW1. Your attendance and support here today has ensured that RTTW is here to stay. It has now become an annual event in the biking calendar to remember those that can no longer ride by our side.

Thank You **Martin Dickinson**

TOY RUN 2009

WITH tinsel strapped to their bikes and Santa hats underneath their helmets more than 50 kind-hearted bikers descended on Peterborough for their 12th annual toy run. After setting off on a 40-mile ride from Uppingham near Oakham, the Rutland Chapter Harley Owners Group arrived at the Amazon Ward at Peterborough District Hospital at around noon on Sunday to spread some festive cheer. The bikers brought a smile to the faces of all the children on the ward as they pulled out presents from their rucksacks and presented the youngsters with an early Christmas gift. Among the children to receive a gift was three-year-old Ella Fagioli from Peterborough. Her grandad Steve Fagioli said: "The bikes all have good hearts. They always bring a smile to the children's faces. It is not nice being in hospital at Christmas time and this helps to make it a little easier for them." Organiser Peter Ward said: "We had about 50 bikes join us, which is a few less than previous years, but we still hope to give presents to all of the children." For us this is just a small gesture for the children. Some of us have had children in hospital over Christmas and we know what it is like. "We will be back again next year with more gifts and hopefully more bikers." Play specialist at the Amazon Ward, Zoe Wilkinson said without the bikers, they wouldn't be able to surprise the children on Christmas morning. She said: "It is horrible for the children not waking up in their homes on Christmas Day. This toy run allows us to give children presents all over the Christmas period and try to make the day as normal as possible.

"The bikers are fantastic as they cater for everyone from babies to 16-year-olds. We couldn't do it without them."

BACK PAGE BEAUTY

This wonderful machine started life as an 'ordinary' Softail Standard, but before anyone even had the chance to perch on its seat it went through a makeover of epic proportions. Firstly, the stock exhaust went and a stage 1 tune with Vance & Hines Big Radius exhausts took their place. The bars went to be replaced by a set of Street Slammers, and the switchgear covers became chrome affairs.

The indicators were relocated to the forks, a 17" chrome solid forged rear wheel was inserted, an embossed and painted 'flame' tank with colour matched front and rear fenders were added, along with more chrome parts than we have room to mention. The end result is the rather stunning Softail you see here, available for the excellent value price of £10,995.
